Punctuation – we have had a go at adding a full stop but when do we need a question mark?

[How to use question marks – BBC Bitesize](#)

If you had a rocket and went to space what would you take with you? Can you make a list do you know how a list is set out?

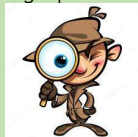

Make a list.

Digraph spotter!

Choose your favourite book, open it to a random page, what digraphs can you see?

Make a list of all the digraphs you can see, you could use felt tips, colouring pencils or pens to make the list. Can you find some trigraphs too and maybe even a split digraph a-e.

This week we are looking at the split vowel digraph i-e. These are two letters that make one sound but don't sit next to each other. Can you think of any other words that have the split vowel digraph i-e?

Now using the words at the top of the sheet, can you write each word under the correct picture. Cross the word off once you have used it so you know which ones are left. Remember to read them all carefully.
