

Cooked Playdough Recipe

1 cup salt

2 cups plain flour

2 cups water

2 table spoons oil

2 tea spoons cream of tartar

Put all the ingredients together in a big pan over a medium heat.

STIR ALL THE TIME

It will turn to look like scrambled eggs and then it will come away from the pan in a ball.

Allow to cool and then knead.

Keeps very well if you store it in a polythene bag or a plastic container in the fridge.
