

PE

Intent

At Chuter Ede, we are active.

Our intent is for children to:

- ...develop knowledge and skills that they can use and apply in a range of sporting activities and games
- ...develop knowledge and skills about leading healthy, active lives
- ...see staff promoting the learning and enjoyment of physical activities and exercise
- ...develop confidence using technical vocabulary to discuss their physical sporting ability linked to their body and lifestyle choices to support their health and fitness
- ...be able to think critically about their own and other's sporting skills and offer suggestions to improve
- ...feel empowered by their own progress and that of teams and individuals within school (whose successes and achievements are celebrated)
- ...feel inspired to succeed in sporting activities
- ...be given opportunities to compete (inter house and inter school) which builds character and helps to embed values such as teamwork, honest, respect, self-belief, determination and passion (School Games values)
- ...explore sports and athletes (linked to assembly people of the week) enabling children to reflect on diverse communities and enable them to see themselves as having the potential to be sporting stars

"Valuing everyone and aiming for our best"
