

PE

Implementation

At Chuter Ede, we ensure our curriculum areas are delivered through our SMILE approach.

Children are aware of the elements of SMILE that are incorporated into a lesson to support their learning

- The PE scheme of work, developed by the subject leader, develops skills from Year 1 – Year 6 in different strands of sporting activities and promotes leading healthy, active lives and the School Games Values (teamwork, honest, respect, self belief, determination and passion)
- PE is taught in blocks each half term to develop skills within each strand and build upon these weekly. Children also have the opportunity (following pupil voice questionnaires) to suggest sports or create games to apply the skills they have learnt
- Planning allows children to further their understanding of how they learn through the school's strategy of SMILE (I can: Speak, Move, Imagine, Learn and Explore)
- Links are made to sporting events and healthy lifestyle choices to promote and encourage being active and looking after our bodies
- Sporting clubs take place each half term in a range of sports. Teams and individuals are selected to represent the school in NDPSSA events, School Games events, district, country and regional events.

"Valuing everyone and aiming for our best"
