

Art & Design

Impact

Our curriculum impact empowers our pupils to be aware of future careers, spark interest in continued learning and fulfil their potential to be the best that they can be.

- The study of Art and design will stimulate creativity and idea generation and empower the use of imagination in the children at Chuter Ede
- They learn to make informed judgments and aesthetic and practical decisions about how to shape the world around them.
- The children at Chuter Ede can use technical vocabulary, are confident to express opinions and can evaluate their own art work
- Children build skills using a range of media and are reflective about their own learning and progress.
- The work produced is purposeful and of a high quality with every child feeling that they can access art and design whatever their skill level.
