

Art & Design

Intent

At Chuter Ede, we are artists.

Our intent is for children to:

- ...develop knowledge and skills about how to use a variety of media and tools specifically linked to the focus areas of drawing, painting, collage, printing and sculpture
- ...learn about artists and makers from a variety of cultures and backgrounds and through this exploration to enable children to reflect on diverse communities and enable them to see themselves as having the potential to be artists
- ...learn that there are different 'elements of art' and how to use them to create and evaluate their own work
- ...use a sketch book from Year 1 to Year 6 to enable them to see their own improvement and to empower them to be confident to experiment, make mistakes and reflect on their Art and Design learning journey through Chuter Ede.
- ...develop confidence using technical vocabulary to discuss art.
- ...feel confident in expressing their views and preferences in art.
- ...be able to think critically about their own and other's work.
- ...receive a good quality art education to empower them to be generators of ideas and creators of their own visions.

"Valuing everyone and aiming for our best"
