Pupil Premium

DfE Information about Pupil Premium can be found on:

<http://www.education.gov.uk/schools/pupilsupport/premium/a0076063/pp>

The pupil premium was introduced in April 2011 and is allocated to schools to work with pupils who have been registered for free school meals at any point in the last six years (known as 'Ever 6 FSM'). Schools also receive funding for children who have been looked after continuously for more than six months, and children of service personnel. Recently adopted pupils also receive funding but this has to be applied for separately during the year.

Some Background Information from the Department for Education

The Government believes that the Pupil Premium, which is additional to main school funding, is the best way to address the current underlying inequalities between children eligible for free school meals (FSM) and their peers by ensuring that funding to tackle disadvantage reaches the pupils who need it most.

In most cases the Pupil Premium is allocated to schools and is clearly identifiable. **It is for schools to decide how the Pupil Premium, allocated to schools per FSM pupil, is spent**, since they are best placed to assess what additional provision should be made for the individual pupils within their responsibility.

Schools are free to spend the Pupil Premium as they see fit. However they will be held accountable for how they have used the additional funding to support pupils from low-income families. New measures will be included in the performance tables that will capture the achievement of those deprived pupils covered by the Pupil Premium. From September 2012, schools will be required to publish online information about how they have used the Premium. This will ensure that parents and others are made fully aware of the attainment of pupils covered by the premium.

Financial year 2016 to 2017

- free school meals at any point in the last 6 years: £1,320 for pupils in reception year to year 6
