

Sport Premium at Chuter Ede 2018-19

£21,167 Per annum

PE & Sport plays an important role in making our mission statement a reality for every pupil, with the potential to change young people's lives for the better.

Through PE & Sport our children learn to develop the important qualities of discipline, resilience, communication, team work, respect and ambition, leading to improved concentration, attitude, and academic achievement.

We welcomed the Government's announcement in June 2013 to provide additional funding for 2 years to improve provision of physical education (PE) and sport in primary schools, which has been extended for further year. In July 2017, we welcomed the announcement to almost double the premium funding. We are committed to using this resource in developing high quality PE lessons, as well as developing further the opportunities for sporting competitions and clubs for all our young people.

Nature of Support

- We endeavour to provide high quality physical education in order to raise standards of all our children in physical education.
- We employ three specialist sports coaches/teachers to work with our primary teachers to achieve high quality teaching and learning in lessons and after school clubs. *[£12,500]*
- Our staff are encouraged to carry out CPD opportunities during school time and through CPD courses/sessions. Teaching plans and resources for PE & Sport are in place from our employed sports coaches. *[£2500]*
- We develop student leadership programmes – play leaders – to allow the children to develop skills in leading and supporting others. *[£500]*
- Competitive School Sport – Our sporting teams have been extremely successful, taking part in inclusive competitive opportunities in intra and inter school competition, through NDPSSA competitions, Together for Newark competitions and at district/county/regional level.
[£2500 transport/staffing costs/entry fees]

- More recently, we have entered new competitions such as cross country, which have gained momentum as a result of employing our sports coaches and consequently our children have performed extremely well in this field, at local, county and regional level.
- Lots of our sporting teams are successful at local, county or regional events which enhances our reputation as a competitive school within the local community.
- We have a house system and the children take part in inter-house competitions each half term to work together as a team and demonstrate fair play. [*£500*]
- We offer PE clubs to everyone for inclusive practice 5 days a week, with multiple clubs being on the same day. [*£2700*]
- We encourage healthy active lifestyles: ensuring all our children have access to regular exercise. SMSC sessions, led by teachers, incorporate healthy lifestyles and choices.
- We monitor pupil progress through assessment in lessons.
- Year 3 and 4 children attend swimming for half a year each.
- We gather evidence to support our application for the Sainsbury's School Games Mark – where we achieved Silver for 2014-15 and Gold for 2015-16, 2016-17 and 2017-18.

Impact, participation and attainment

Chuter Ede has a reputation in the local area for excelling with various sporting achievements. Year on year, the children strive to be the best that they can be and aspire to achieve in the competitions they take part in. This has resulted in many teams/individuals reaching district, county and regional finals and events. Alongside these achievements, in school our children strive to demonstrate many individual sporting skills, leadership skills and place huge importance on fair play, both in their PE lessons, at playtime and in sporting clubs. Our clubs are always full to capacity and we are constantly looking for ways of increasing these so every child who wishes to can take part. We enter A, B and C teams to different sporting events, as well as introducing sporting competitions to younger year groups. The children are always engaged in PE lessons due to the fun and exciting ways that the coaches and teachers deliver the lessons, involving the children with new ideas to develop their skills.

Clubs, sporting events and opportunities for improving PE lessons are reviewed constantly by the PE coordinator, sports coaches, SLT and teaching staff to ensure that they are manageable and sustainable, as well as ensuring that the children are receiving the best possible outcomes that they can.
