

I see the light

All those days watching from the windows, all those years outside looking in
All that time never even knowing just how blind I've been
Now I'm here, blinking in the starlight, now I'm here, suddenly I see
Standing here, it's all so clear, I'm where I'm meant to be.

And at last I see the light, and it's like the fog has lifted
And at last I see the light and it's like the sky is new
And it's warm and real and bright and the world has somehow shifted
All at once everything looks different now that I see you.

All those days chasing down a daydream, all those years living in a blur
All that time, never truly seeing things the way they were
Now she's here, shining in the starlight, now she's here, suddenly I know
If she's here, it's crystal clear I'm where I'm meant to go.

And at last I see the light and it's like the fog has lifted
And at last I see the light and it's like the sky is new
And it's warm and real and bright and the world has somehow shifted
All at once, everything is different
Now that I see you, Now that I see you

Chosen Family

Tell me your story and I'll tell you mine. I'm all ears, take your time, we've got all night.

Show me the rivers crossed, the mountains scaled,

Show me who made you walk all the way here.

Ooh, settle down, put your bags down. Ooh, you're alright now.

CHORUS: We don't need to be related to relate, we don't need to share genes or a surname.

You are, you are, my chosen, chosen family.

So what if we don't look the same? We've been going through the same thing, yeah.

You are, you are, my chosen, chosen family.

Hand me a pen and I'll rewrite the pain. When you're ready, we'll turn the page together.

Open your heart it's time we celebrate who you were, who you are,

We're one and the same, yeah, yeah.

CHORUS

I chose you, You chose me. I chose, chosen family.

I chose you, You chose me. We're alright now.
